City of Silvis, Illinois, the Clinton County Sheriffs Office of Clinton County Iowa, the Mercer County Sheriff's Office of Mercer County Illinois, the Rock Island County Sheriff's Office of Rock Island County, Illinois, the Scott County Sheriff's Office of Scott County, Iowa, the Black Hawk College Police Department of Black Hawk College, the Rock Island Arsenal Police Department of the Rock Island Arsenal, Rock Island, Illinois, and the Metropolitan Airport Authority of the Quad City International Airport.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth, the parties agree as follows:

1. The parties agree to use their best efforts to ensure the public safety and to enforce the laws and protect the citizens within the confines of the geographical jurisdictions of the respective parties. The duration of this agreement shall be for a 5-year period. After the initial 5-year period, the agreement shall automatically be renewed on a year-to-year basis. Any of the parties may terminate this agreement by providing at least sixty (60) days advance, written notice of said intent to terminate participation in this agreement to all other parties to the agreement.
2. No separate legal entity will be created.
3. The power to make a request for assistance or to provide assistance under this agreement shall reside in the City of Bettendorf, Iowa Chief of Police, City of Blue Grass, Iowa Chief of Police, the City of Camanche, Iowa Chief of Police, the City of Clinton, Iowa Chief of Police, City of Davenport, Iowa Chief of Police, the City of Dewitt, Iowa Chief of Police, City of Eldridge, Iowa Chief of Police, the City of LeClaire, Iowa Chief of Police, the City of Albany, Illinois Chief of Police, the City of Aledo, Illinois Chief of Police, the City of Coal Valley, Illinois Chief of Police, the City of Colona, Illinois Chief of Police, the City of East Moline, Illinois Chief of Police, the City of Galesburg, Illinois Chief of Police, the City of Geneseo, Illinois Chief of Police, the City of Hampton, Illinois Chief of Police, the Village of Milan, Illinois Chief of Police, the City of Moline, Illinois Chief of Police, the City of Rock Island, Illinois Chief of Police, the City of Silvis, Illinois Chief of Police , the Clinton County Iowa Sheriff, Mercer County Illinois Sheriff, the Rock Island County Sheriff, the Scott County Iowa Sheriff, Black Hawk College Chief of Police, the Rock Island Arsenal Chief of Police, Rock Island, Illinois, and the Metropolitan Airport Authority, Chief of Police or their designees,
4. Any party shall have the right to request assistance or to provide assistance from any other party subject to the terms and conditions of the agreement.
5. A party may make a request for assistance from another party when the requesting party has concluded, based upon actual circumstances, that:
  - a) Such assistance is essential to protect life and property; or

- b) Such assistance is needed in conjunction with an incident involving multijurisdictional problems (i.e. gang, major crime investigation, drug investigations, civil unrest, or other potential life threatening situations / circumstances).
  - c) Such assistance is needed in response to a natural or man-made occurrence that exceeds the resources, equipment needs, and / or levels of law enforcement personnel staffing of the law enforcement agency.
- 6. Upon request, a responding party may dispatch personnel, equipment and supplies to any point within the area for which the requesting party normally provides such personnel, equipment or supplies.
- 7. The requesting party shall include in its request for assistance the amount and type of equipment, the number of personnel and supplies requested and shall specify the location where the personnel, equipment and supplies are needed. It is hereby agreed by the parties that the final decision as to the amount and type of equipment, the number of personnel and supplies to be furnished shall be made by the responding party. No party may make and claim whatsoever against another party for refusal to send the requested equipment, personnel or supplies. All equipment used by a member in carrying out this agreement shall, at the time of the act, be owned by it.
- 8. While on duty with the requesting agency, an officer is subject to the lawful operational commands of his/her superior officers in the requesting agency. All personnel acting for the member under this agreement shall, at the time of such action, remain an employee of that person's own law enforcement agency for administrative and personnel purposes, including pay.
- 9. While working with the requesting agency, an officer shall have the same jurisdiction, powers, rights and privileges (other than workers compensation benefits, which shall be as per the jurisdiction of the officer's employer) as an officer of the requesting agency, in addition to those the officer normally possesses.
- 10. The responding party, personnel, and equipment shall report to the command officer of the requesting party who is in charge at the scene. Said command officer shall have the power to issue reasonable orders and directives and the responding personnel shall then act on such orders. However, where the provided mutual assistance involves the loan of a specialized S.W.A.T., hostage negotiation, or canine unit, the commander of the specialized unit shall advise how the unit may best be used to accomplish the mission. Upon approval of the officer in charge at the scene, the specialized unit may then proceed to implement the plan without further control or supervision by the requesting jurisdiction.
- 11. The responding parties will be released and returned to their own jurisdictions

as soon as the situation is restored to the point where the requesting party is able to satisfactorily handle the situation with its own resources. However, each party reserves the right to recall any or all rendered assistance whenever it believes that such recall is necessary to ensure adequate protection of its own jurisdiction or personnel.

12. No party shall be required to reimburse any other party for the cost of providing any services set forth in this agreement. Each party shall pay its own cost for responding to the request of the other parties. Each participating agency shall also be responsible, regardless of fault, for repairing or replacing any damage to its own vehicles or equipment that occurs while providing assistance under this Agreement. However, nothing in this paragraph shall prohibit mutually agreed upon reimbursement or compensation between parties. In addition, each party hereto agrees to waive all claims against all other parties hereto for any losses, damage, property damage, personal injury, disability or death occurring in consequence of the performance of this agreement; provided, however, that such claim is not a result of willful or reckless misconduct by a party hereto or its agents and employees. Said willful or reckless misconduct shall include but not be limited to the following actions by the responding party, its agents or employees:
  - A. Refusal to carry out the lawful direction of the requesting party's officer in charge, unless following the guidelines established elsewhere in this agreement; or
  - B. A deliberate act in violation of the laws or constitutions of Iowa, Illinois or of the United States" or
  - C. A deliberate act with the intention of causing harm to persons or property.
  
13. The requesting party agrees to fully and in all respects indemnify, defend, and hold harmless the responding party, and its agents and employees from and against any and all claims, demands, liabilities, losses, including attorney fees and costs, suits in law or in equity which are made by a third party and arise from providing aid pursuant to this agreement; provided, however, that such a claim is not a result of willful or reckless misconduct by the responding party, its agents and employees, and provided that the responding party is expressly acting on approved orders and directives of the requesting party's command officer pursuant to this agreement. The full legal and financial responsibility for injury, disability, or death of an employee shall remain with the employee's respective law enforcement agency. Nothing in this paragraph shall require the requesting jurisdiction to provide indemnification to the responding jurisdiction or its personnel when:
  - a) Such personnel refuse to carry out the lawful direction of the officer in charge.

- b) Such personnel deliberately and without justification act to violate the laws of Iowa, Illinois, or U.S. Code. OR
  - c) Such personnel act with the deliberate intention of causing harm to persons or property.
- 14. No party operating under this agreement shall discriminate against any individual on the basis of race, color, religion, sex, or national origin in any manner, prohibited by the laws of the United States or the States of Illinois or Iowa.
- 15. This agreement may be amended at any time by written agreement of all the parties.
- 16. Any equipment purchase by any party during the term of this agreement shall be the sole responsibility and property of the purchasing party and at the termination of this agreement, shall remain the property of such party.

IN WITNESS WHEREOF, the parties hereby have executed this agreement, which is evidenced by the authorized governing bodies.

## SYSTEM CONFIGURATION DETAILS

The following sections detail the configuration of the Axon Fleet In-Car System

### Vehicle Hardware

<b>Vehicle Hardware</b>	2	Axon Fleet Cameras will be installed in each vehicle
	2	Axon Fleet Battery Boxes will be installed in each vehicle
	1	Axon Signal Units will be installed in each vehicle
	1	Cradlepoint IBR900-1200 router will be installed in each vehicle
<b>Axon Battery Boxes</b>	The battery box provides power to its connected camera for up to 4 hours allowing for video offload while the vehicle ignition state is OFF and the MDT is connected and available.	
<b>Signal Activation Methods</b>	When triggered, the Axon Signal Vehicle (ASV) device will activate the recording mechanism for all configured Axon cameras within 30 feet of the vehicle.	
<b>Mobile Data Terminal</b>	Each vehicle will be equipped with a Mobile Data Terminal provided by the customer.	
<b>Mobile Data Terminal Requirements</b>	<p><b>Operating System:</b> Windows 7 or Windows 10 - x32 or x64 with the most current service packs and updates</p> <p><b>Hard Drive:</b> Must have 25GB+ of free disk space</p> <p><b>RAM/Memory:</b> Windows 7 - 4GB or greater   Windows 10 - 8GB or greater</p> <p><b>Ethernet Port:</b> The system requires the MDT to have one dedicated and available Ethernet port reserved for an Ethernet cable from router. The Ethernet port can be located on an electronic and stationary mobile docking station. If a docking station is used, it is the preferred location for the Ethernet port.</p> <p><b>Wi-Fi Card:</b> The system requires an 802.11n compatible Wi-Fi card using 5Ghz band.</p> <p><b>USB Ports:</b> If the computer is assigned to the officer and does not remain with the vehicle, then the number dongles ordered should equal the number of officers or the number of computers assigned. At least one dedicated and available USB 2.0 port for the Fleet USB dongle USB Port on MDT or Dock.</p>	

<b>Additional Considerations</b>	If the customer has a MiFi hotspot, embedded cellular, or USB 4G, then the customer must purchase a Cradlepoint router with an external antenna and Cradlecare. For agencies that use NetMotion Mobility, Axon traffic must be passed through; such that it does not use the Mobility VPN tunnel. Customer must provide IT and / or Admin resources at time of installation to ensure data routing if functional for Axon Fleet operation.	
	In the event an Agency is unable to support the IT requirements associated with the installation, Axon reserves the right to charge the Agency for additional time associated with on-site work completed by an Axon Employee.	
<b>Hardware Provisioning</b>	Axon will provide the following router for all vehicles:	Cradlepoint IBR900-1200
	The customer will provide a MDT for each vehicle	

### In-Car Network Considerations

<b>Network Requirements</b>	Cradlepoint IBR900-1200 will create a dedicated 5Ghz WiFi network within each vehicle. This network will join the Axon Fleet cameras and Mobile Data Terminal together.		
<b>Network Addressing</b>	<b>IP Addressing</b>		<b>Total IPs Required</b>
	Axon Fleet Cameras	8	16
	Mobile Data Terminal	4	
	Cradlepoint IBR900-1200	4	
<b>Hardware Provisioning</b>	Customer to provide all IP addressing and applicable network information		

### Network Consideration Agreement

<b>Network Consideration Agreement</b>	Customer acknowledges the minimum requirements for the network to support this Statement of Work.
	All Axon employees performing services under this SOW are CJIS certified.
	If the network provided by Customer does not meet the minimum requirements, or in the event of a requested change in scope of the project, a Change Order will be required and additional fees may apply. Additional fees would also apply if Axon is required to extend the installation time for reasons caused by the customer or the customer network accessibility.

## Professional Services & Training

<p><b>Project Management</b></p>	<p>Axon will assign a Project Manager that will provide the expertise to execute a successful Fleet camera deployment and implementation. The Project Manager will have knowledge and experience with all phases of the project management lifecycle and with all application modules being implemented. He/she will work closely with the customer's project manager and project team members and will be responsible for completing the tasks required to meet all contract deliverables.</p>
<p><b>Vehicle Installation</b></p>	<p>Axon will be performing the installation of all Axon Fleet vehicle hardware. Installation services purchased from Axon include a "clip" and removal of existing in-car system hardware. This does not include "full removal" of existing wiring. A "full removal" of all existing hardware and wiring is subject to additional fees. Axon provides basic Fleet operation overview to the customer lead and/or Admin at the time of install.</p> <p>Clip vs Rip installation removal:</p> <ul style="list-style-type: none"> <li>○ It is necessary to differentiate between the type of equipment removal to be provided by Axon. Standard Fleet Installation includes hardware removal in a fashion considered "Clip" which means Axon cuts the wires from the old system without removing multiple panels, removing all wiring and parts from the old system. In the case Axon removes the hardware Axon is not responsible for the surplus of hardware or any devices that may have been physically integrated with the removed system. In some situations, radar systems are integrated with the in-car video system and have a cable that connects to the system, if Axon removes the old in car system then Axon is not responsible for the radar system as part of the removal.</li> <li>○ A "Rip" removal should be contracted through ProLogic directly. The Rip would be similar to a complete and full removal, which is more common when they retire a vehicle from service.</li> </ul>
<p><b>Custom Trigger Installation</b></p>	<p>Axon Signal Units have multiple trigger configuration options. Any trigger configurations that include a door or magnetic door switch are considered "custom" and may be subject to additional fees. An Axon representative has discussed with the Agency the standard triggers of the Fleet System. Those standard triggers include light-bar activation, speed, crash and gun-locks. The light-bar must have a controller to allow Axon to interface for the desired position, gun-locks must be installed with existing hardware in the vehicle. Doors are considered "CUSTOM" since they required additional hardware and time for installation, typically requiring the door may need to be taken apart for the installation.</p>
<p><b>Training</b></p>	<p>End-user go-live training provides individual device set up and configuration assistance, training on device use, Evidence.com and AXON View XL. End-user go-live training and support is not included in the installation fee scope.</p>

## 4G / Cellular Offload Considerations

Network Considerations	The Cradlepoint IBR900-1200 will be the connection which allows 4G upload of recorded video
	The customer will ensure that their cellular contract does not allow for data throttling, or service denial, once a set data threshold is met. Throttling or denial of service will negatively affect Fleet upload capabilities.
	The MDT's 4G connection will facilitate the upload of recorded video content.
Hardware Provisioning	The customer will provide all 4G sim cards as required by their mobile provider.

Tax is subject to change at order processing with valid exemption.
